Samtia Angus

Samtia Big Time 7B

January 10, 2014 Reg. # 1778648
 BW 90 BW + 5.7 WW +53 YW+86 MILK +19 TM +46
 Sire: Border Butte Bottom Line 56W
 Grand Sire: SAV Net Worth 4200
 Dam: Ebon Hill Bardella 266'05
 Grand Dam: Ebon Hill Bardella 265'03

Recommended for cows. This is a very correct and deep sided bull who is pure performance! If you are looking for a bull that is going to produce heifers with lots of bone and great udders and bull calves with lots of length and pounds take a look at this one! We have retained all the heifers from this dam as she has a great uter, feet and lots of capacity. A full brother to this bull sold to K Lazy T a few years back and he has been a breeding machine for them. This bull will easily float to the top on many buyers list come sale day.

January 11, 2014 Reg. # 1778626
 BW 78 BW+1.7 WW+42 YW+69MILK+19 TM+40
 Sire: Border Butte Bottom Line 56W
 Grand Sire: SAV Net Worth 4200
 Dam: Ebon Hill Lassie 91'07
 Grand Dam: Freyburn Lassie 143M

Recommended for heifers of any size. Here is a bull that has it all...style, length of body, depth and a solid disposition. We cannot say enough about the dam of this bull. She has never missed with every calf but one being a bull calf and every bull calf making the show pen. This bull is a favourite at the farm as his disposition is second to none. If you are looking for performance along with ease of calving he is the bull!

Samtia Brutis 8B

January 15, 2014 Reg. # 1790189
 BW 75 BW + 2.6 WW +53 YW+ 91 MILK+22 TM +49
 Sire: Samtia Black Jack 8Z
 Grand Sire: Harb Pendleton 765 J H
 Dam: Samtia Primrose 7Z
 Grand Dam: Ebon Hill Primrose 440'06

Recommended for heifers. This bull has lots of length and tons of style. He comes from our Primrose line which is one of the main cow families at Samtia Angus. The Primrose line produces females with great udder structure, bone, great feet as well as outstanding performance. We have retained all heifers from this grand dam as she never misses. This bull also has Harb Pendleton in his pedigree which was widely used for calving ease and performance. The Pendleton calves are born smaller but have incredible growth. This bull is very clean fronted and profiles very well. He should calve easy but still have loads of performance.

Samtia Bandit 13B

January 30, 2014 Reg. # 1778630
 BW 87 BW +4.4 WW +48 YW +84 MILK +22 TM +46
 SIRE: Border Butte Bottom Line 56W
 Grand Sire: SAV Net Worth 4200
 Dam: Remitall Queen 633U
 Grand Dam: Remitall Queen652R

Recommended for cows. This bull could be right up there with one of the top bulls we have ever raised at Samtia Angus. He has great bone, a great hair coat and overall exceptional confirmation. The pedigree on this offering is chalk full of some of the greats. We purchased the dam of this bull calf a number of years back from Remitall Farms and she is likely in the top three cows in our entire herd. This cow never misses. If you are looking to add some performance to your bull string or looking for a new herd sire...take a look here. Do not miss this guy!

DYNAMITE ANGUS

The Herd Improving Cowboy Kind

**BREEDING MODERATE FRAMED CATTLE THAT ARE
EASY KEEPING IN HARD GRASS COUNTRY AND
GOOD PRODUCING FEMALES WITH GREAT UDDERS.**

DYNAMITE MR. ARMOUR ALL 49A

Here is a bull that will work on your commercial cows. A bull that travels good and has a real good solid foot with lots of heel. He's got a smooth shoulder with lots of depth rib, extra length, and a real sharp profile. The dam is a solid cow and has been a real good producer. His bull brother last year sold Drowning Ford Grazing. Good Temperament.

DYNAMITE MR. IDEAL ADVANCE 89A

Here is a powerful bull with lots of guts that should put some volume into your calves. A good footed bull with lots of bone and good length of body. The dam is a real good cow with good feet and a great udder. Quiet! The sire has done a great job for us at Dynamite Angus.

DYNAMITE MR. ALLIANCE ADVENTURE 25A

If you are looking for a two year old bull to cover your heifers than this is your bull. He has a real nice profile with a smooth shoulder and extra length of body. This bull is very moderate framed and should be usable on heifers for a long time. He is a smooth traveller and will be an easy keeper in this hard grass country. His dam is a small framed with a great udder. This bull is very quiet and only has a 75lb birth weight.

DYNAMITE MR BODACIOUS 30B

This performance bull comes from a moderate framed cow with a good square quartered udder. This calf is moderate framed with great hair and has extra length of body with thickness. He weaned off grass on November 1st at 880lbs. He has lots of good characteristics to pass on and will add more pounds to your calves!

J BAR B

We have selected these 3 yearling Bulls to follow up our string from last year. We felt these 3 bulls are a cross section of what we offer our bull customers that buy privately at home. This is one of the only sales we sell at.

We run 300 cows at J BAR B. Half being commercial and half purebred. So we feel we know what our commercial men need to make a dollar.

JOHN & BRENDA LUTZ 403-642-2363
JAIME LUTZ 403-360-2692

WBO 12B

WBO 12B is sired by the Great Crossover bull noted for calving ease. We used Crossover on heifers last year with great success. 12B's mother is a first calf heifer with a near perfect udder. She is sired by 3U bull Terry White chose for AITA Genetics. "This bull is good for heifer's"

WBO 40B

WBO 40B is also a Crossover. Note 40B's mother is also the grandmother of WBO 12B. 40B has that natural thickness everyone is looking for with a really good mother. This could be one of the best bulls we have ever offered.

WBO 45B

WBO 45B is sired by the Coalition sire we have used so successfully. The cows pedigree is really unique, take a look at this big stout herd bull in the making. His mother is a top cow at J BAR B with a sound udder.
